RE: Dominion Energy South Carolina, Incorporated's Establishment of a Solar Choice Metering Tariff Pursuant to S.C. Code Ann. Section 58-40-20 (See Docket No. 2019-182-E)
Docket No. 2020-229-E

Dear Ms. Boyd:

In regard to Commission Order No. 2021-26 issued in the above Docket on January 13th, the South Carolina Office of Regulatory Staff ("ORS") respectfully requests that the Additional Notice to be provided by Dominion Energy South Carolina, Inc. ("DESC") to customers include such information so that DESC's customers can more clearly understand the impact of this proceeding. In recent days, ORS has received numerous calls from both net metering and non-participating DESC customers expressing confusion over what will be decided in the Solar Choice Metering docket and how they may be impacted.¹

ORS recommends that the Additional Notice include the following information to assist DESC customers:

1. A signal to the reader of the Additional Notice in the heading or caption including words to indicate specifically the type of adjustment or impact the filing could potentially have on customers. See guidance provided in Order No. 2019-214;
2. A summary or explanation of the Solar Choice Metering Tariff proposed by DESC to include the rates and charges proposed (Subscription fee and any minimum charges); and

¹ Many of these calls originated from DESC customers contacting the PSC for guidance, prior to being transferred or directed to ORS for assistance. Many customers have expressed concerns that the Solar Choice Metering Tariff is a tax.

Letter to Jocelyn G. Boyd, Esquire

3. A summary or explanation of how the proposal impacts existing net metering customers and non-participating customers.

Thank you for your time and consideration. ORS has not conferred with any other party of record regarding this request, should there be any concerns please do not hesitate to contact myself or Jeff Nelson.

Sincerely,

s/ Jenny R. Pittman
